Kurzbeschreibung

'I don't think I have laughed, chuckled, and smiled so much at a book before...I adored it.' 5* *Goodreads Reviewer*

Poppy Bloom planned to finish her PhD and walk straight into a job at her university. But here she is, unemployed, unceremoniously dumped by her boyfriend, and living back at her mum's in her **vampire-themed childhood bedroom**.

Not exactly what she was hoping for.

But when Poppy sets her mind to something, **nothing can stand in her way**. She scores herself an internship at the hottest radio station in town, joins a netball team, and renews her friendship with her oldest friend **Leanne**. Spending time with Leanne's gorgeous twin **Tom** is just a bonus...

But life has a way of tripping you up when you least expect it, and Poppy soon has to decide where her priorities lie... With new friends, a new career *and* a new romance, can Poppy keep everyone happy, or is everything about to tumble down around her?

A laugh-out-loud story about friendship, second chances, and new love, perfect for fans of Lindsey Kelk, Marian Keyes and Jane Costello.
